

Permissions for Children and Young People

We apply permissions for our activities for children and young people (12-18) are shown below:

Regular Activities

These are our normal weekly advertised activities (currently Sunbeams, LaunchPad and Youth Fellowship on Sundays and The Ark and Gateway on Thursdays), as well as related events run from time to time (such as Film Nights and Christmas Parties) that generally take place in the Church. For those attending Gateway and Youth Fellowship (those at Secondary School), this also includes activities attended as a group at other locations from time to time for a day, part day or evening (e.g. concerts, parks, beaches).

Permission is requested when a child/young person first attends and again annually at the start of each session (normally August) via our Consent form.

Ad-Hoc Activities

These are publicly advertised activities that we run during daytime or evenings from time to time (e.g. Summer Clubs), with places bookable in advance.

Permission is sought when parents book (along with relevant medical and contact details) and **applies to attendance at the specific activity only.**

Residential Activities

These are activities that we generally run on an annual basis where children/young people are at the activity for one or more overnights (e.g. LaunchPad weekend, TeenRanch weekend).

Permission is sought when parents book (along with relevant medical and contact details) and **applies to attendance at the specific activity only.**
